

## SIGNATURE FACIALS

### Bright Code Activation R1350

*Brightening Facial (60mins)*

This treatment combines the potent power of vitamin C with advanced tyrosinase inhibitors to target and reduce existing hyper-pigmentation and dullness while preventing future discoloration. This transformative facial boosts collagen production, enhancing skin elasticity and radiance. Featuring a customised peel and LED therapy, to deliver a brighter, more even-toned complexion with lasting results.

### Cellular Renewal Therapy R2200

*Aging/Mature Facial (60mins)*

*Per Session*

Cellular Renewal Therapy harnesses innovative peptides to boost collagen production and promote cellular regeneration. It effectively reduces fine lines, wrinkles, and sagging skin, delivering a revitalised, youthful glow.

The treatment includes LED therapy, specialised high-performance products, and Jet Plasma technology, offering a non-invasive solution that utilises ionized gas to enhance collagen production and skin tightening. With 14,800 volts of precision micro-current technology, it tightens, brightens, and rejuvenates the skin. The result is a smoother, firmer, and more radiant complexion. For best results, completing three cycles of this therapy is recommended.

### Recode Clear Skin and Clarification Therapy R1150

*Acne Problem Facial (60mins - Laser/Acne Peel)*

This treatment effectively unclogs pores, minimises breakouts, and prevents future occurrences. It utilises cutting-edge Laser therapy and blue/red light LED technology to combat acne-causing bacteria and inflammation. The results are visibly clearer, balanced, and healthier skin. Premium products are incorporated to enhance the overall experience.

### Calm Code Activation Therapy R1250

*Sensitive Skin Facial (60mins - IPL/LED)*

Calm Code Activation Therapy is designed to soothe and nurture sensitive skin with gentle enzymes, natural extracts, and calming peptides. This treatment incorporates Laser and LED Therapy to alleviate redness, irritation, and inflammation, enhancing skin resilience. The result is a complexion that looks calm, refreshed, and revitalised. Premium products are applied to repair and strengthen the skin barrier for lasting support.

### Ultimate Skin Recode Optimisation Therapy R2550

*The Signature Recode (60mins)*

This luxurious experience, combines High-Intensity Focused Ultrasound (HIFU) and advanced heat-generation technology to address various skin concerns. This cutting-edge treatment targets the SMAS (Superficial Muscular Aponeurotic System) layer by delivering precise ultrasound energy to deeper skin layers. The energy generates heat at targeted depths, triggering thermal coagulation and stimulating the body's natural healing process.

This luxurious facial brightens and firms the skin, leaving you with a radiant glow and a youthful, refreshed appearance.
